

CLGLR6 Housing

| Surface Mount Housing for LR6 |

Product Description

The SC6 is a cylindrical surface mounted housing designed to accommodate the LR6-GU24. The SC6 expands the application of the LR6 to locations where it is not possible to recess into the ceiling. Its subtle, unobtrusive design integrates cleanly into a variety of architectural environments.

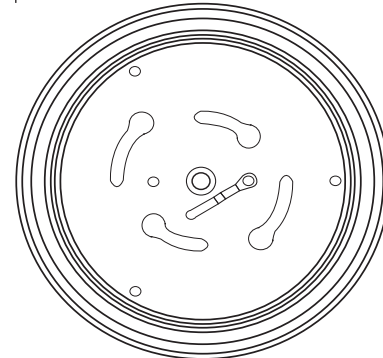

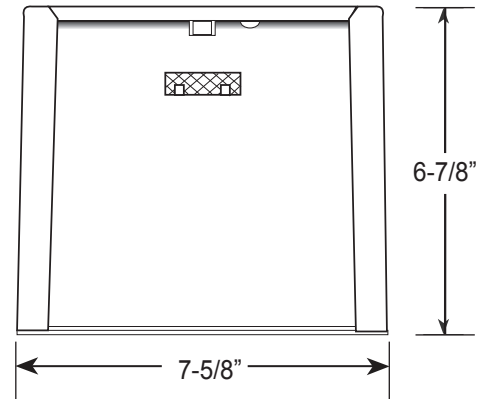

Performance Summary

Nominal delivered light output = 650 lumens
 Nominal input power = 12 watts
 CCT = 2700K or 3500K
 Dimmable to 25%
 CRI 92

Specifications and Features
